S.V.K. came and had a talk with me about his departure. After this I had a talk with Pandit Ji. Told him about his tentative plans. She suggested that I should meet Lady Mountbatten. She suggested that I should go to Delhi. She thinks that I should meet Lady Mountbatten. I told her that I would do so. I left them at 4 PM. Mrs. Chavan came to see me. She said "Yes" that she never did. She did insist upon her going there.

Had a talk with Shankar Rao about inviting Pandit J.N. He wanted me to invite him to see the Institute if not for opening the Out patients Department building

Had a G.I.G. of this section with Shri Vaidya and the other Police Officers Comm.

Took a meeting of workers at night 10 to explain to them about the invitation to be sent to Pandit Jawaharlal Nehru. I gave them an idea of the heavy work they will have to do in case he accepts our invitation

Invitation to Pandit Jawaharlal Nehru to Visit K.H.I. and to throw open the Outpatients Department building and other two buildings which are coming up slowly. After a long time I have written to Pandiji to do me the favour of visiting the Institute. I know he will be surprised to find that I am connected with such institutions as this. But, I am sure he will come and see everything for himself.

Dr. Mrs. Shamalabai Bhagwat came with the girl who was taken by the Police in Hubli as she had misbehaved. The girl in question was in love with someone

While Awarding Pandit J. Nehru's letter to Shri Bhimbhai I wrote that I had due regard to Shri Bhimbhai's views but should shoulder the responsibility of the K.H.I. I spoke Nimbkar realising the seriousness of this letter and made arrangements to Somehow share burden I feel that I should now get away from K.H.I.

Hanmanthas mohareys died this noon at 12 A Condolence meeting

Gururaj Udipi came today and wanted this relative to be helped. Shaik, the administrator was also there. He told me about the work that was going on.

Mohareys death was announced today. He died in Bowringpet Hospital at Bangalore at 12 noon. A Condolence meeting was held at the S.K. Press office at 6 P.M. Our Press, the Adarsha Printery was closed at 5.30 P.M. & the workers went to A.K. to attend the meeting. I was presiding over the meeting.

At 4 P.M. I went to the Woodland Hotel & met the Forest Officers of Dharwar and Belgaum. They placed before me their grievances. Telephoned Dharwar saying that I shall visit tomorrow at about 10.30 in the morning. It was for recording speech on Lokmanya Tilak to be broadcast Casted on August 1st from Bangalore.

Recording of speech on Tilak at Amb

Thursday 28

जुलै ता. २८ गुरुवार (210–156) श्रावण शु. ५ सं. २०१६

Aid 90 to Dharwar to record my speech on Lokmanya Tilak along with R.K.S., Saberi and Rangaswamy. Then met food-Bandit, had a talk with him. He told me that he had asked Kusumavati Shetty, who was now working in Ratnagiri District, to send 50/- rupees from her pay every 3 months. He has asked her to work hard and earn name for herself and for the institution where is was trained. Mr Vaidya, the new Asst. Station Director of the All-India Radio was very courteous.

In the evening we went to the Municipal Hall to attend public meeting (condolence) called by the Editors, IFWJ. I spoke there for 5 minutes. Others also spoke. The meeting lasted about 75 minutes.

जुलै ता. ३० शनिवार (212–154) श्रावण शु. ७ सं. २०१६

Left Hubli at ~~about~~ 2.55 P.M. by mail for Shatapatha
Gangatai had come to the station. Kavyakantha too. On the
station just a few minutes before the train started
Mr. Joshi of the Samyukta Karnatak came running
and told me about the sad death of Gangadharrao
Deshpande. I was given to understand that he died an
hour or so before. I gave him a few lines for publi-
cation. In the train was Mr. M.R. Patil — in the
same compartment — At Dharwar met Allabaxx
and Bhasker of the All-India Radio
At Belgaum Krishna came and met me. Bhimrao
surprised me by his presence. I had thought that he
would be near the dead body of Gangadharrao. But he
said that all was over. Gangadharrao died early
in the morning at about 5 and not at about noon.
Shripad rao also had come. On the station at Shata-
patha Vimal, Shanta, Dr Vaidya Shankarrao, Kayoom
and others had come to meet us.

Had a talk with Dr. Vaidya about the family. Heard from Shamarao at Ahmedabad. Told him that I was somewhat thinking about it. Received his letter to which me wrote that I thought I was going to write to him. Mr. N. Sitharamayya, the Chief Secretary of Mysore Government came to meet us. At 11 Talks with Dr. Vaidya. Told him and asked him to think about it.

Meeting — Condolence

Gangadharrao Deshpande in the morning after the Flag Salutation. Shankerrao and myself spoke. While Bhimrao presided over the meeting

Had sent for Dhupdal Gowda — I wanted to have a talk with him about the thought of a ~~Sugar~~ Dairy to be started in Dhupdal area. He came in the late afternoon. While talking about a number of things regarding Dhupdal and his actions I suggested to him that he should take up some such work as starting a small dairy to supply milk — pure milk to the people living in Dhupdal area. He should if necessary, start a private limited Concern and take the help of K.H.I. What I said that K.H.I. may also become a partner. (much of course depends on the attitude of the Co. Council I have also asked him to attend to the Shri Siddhakesh Road and the trees on both sides of that Road. Let us see what he does.

At 12 noon Narmada, Subhash and myself, we went to Handicrafts Teachers training College. Rajadhyakshas showed me everything again. Narmada followed me. Afterwards I addressed the students who were assembled in one of the class rooms. For 25 minutes I spoke both in English and in Hindi. Then I went with Mai Warerkar and S.R. Kulkarni to the All-India Radio for getting a dialogue recorded. Mai had taken a lead. Shaad asked Mr. Joshi of the H.M.V. to meet me at the Radio station. Jagalekar also had come. Narmada too was there. I gave back the two tapes which were sent by Mr. Mallick to me & requested him to see that Lata Mangeshkar and Shri Nagarkar were induced to sing the Kannada Ekatma Naam. Mallick and Joshi both have promised to try.

Then I went to the Chicago Radio to meet Mr. Motwani Nanak and give him our requirements. Oh! he talks and talks about the present Government policy and places all blame of India's present degeneration on the Prime Minister J.N. From there we went home and then to the Bombay Central to Catch the Frontier Mail.

In the afternoon at 4.15 I had a meeting with Mrs. Durgabai Deshmukh at her house. She had absolutely no objection for our taking over the 10 Centres in the Tribal project areas. She said she would help us. She explained the whole procedure and added that I should speak about the work that is being done to the bosses of the land. At the suggestion given by her I have written a letter to Mrs. Sudha Reddy about our taking the whole thing. This matter will have to be placed before the Governing Council and their permission taken.

We shall have to place our ideas about the Silver Jubilee Celebrations before the General Body of the Institute and programme fixed.

Friday 12 Raman of the Tata Commercial Printing Press came to Poona

अगस्ट ता. १२ शुक्रवार (225–141) श्रावण कृ. ६ सं. २०१६ this morning.

Had been to the All-India Radio to hear various Tunes employed in singing वन्दे मातरम्. Dr. Keskar was there. Mr. Mathur, the D.G. of A.I.R., Mr. Luthra, the Stn. Director, Delhi, Mr. Mallick, the Stn Director Bombay Mr. Kamath and others were there. Mr. Inamdar had come from the A.I.C.C. office. For about an hour we stayed there and heard all tunes and selected three out of them. Subhadra is one of them. Dr. Keskar has asked the A.I.R. to change the tune of one of them and has asked us to hear it again.

In the evening I went to the party meeting and then to Lal Bahadur Shastri's office in Udyog Bhavan. I spoke to him on the following 4 points

1. Invitation to visit Ghalapradha Health Institute
2. To see what best could be done by him in the safe conduct of the present Government for Mysore advanced work of the Seva Dal Organisation
3. To help carry ~~Swaraj~~
4. To get rid of all the worries of Mr. Iyer.

I spent nearly 45 minutes with him and discussed all the four points with him.

At the door of the A.I.R. I met Mr. Mallikarjun Mansoor the singer from Karnatak. As a man was not much impressed.

Had been to Dr. Benjamin. There I met Dr. Nagpaul (Retd) who was a surprise there. Spoke to him about the high cost of materials for buildings. Asked for more grants suggested by Dr. Vaidya.

At Mathura - Rec'd by Shri Rawat, the General Secy. of the U.P.P.C.C. Shri Nandkumar Deo Kaushala, the Ex Pres. of U.P.P.C.C. At the Railway Rest House on the Rly. Station. Opened the Camp at 1.30 P.M. Went to Shri Krishna's birth place site. Then to Vrindaban. Walked on the banks of Yamuna for a while. Then returned. Visited T.B. Sanitorium. It had 274 patients on that day. I visited some of the latrines and urinals and saw the way in which those were kept. Latrines were smelling. I went to the kitchen and saw how that was kept. It was O.K. They told me that in this hospital no Onions, no garlick, no meat, no eggs, no fish - no non-Vegetarian food is given though these are patients belonging to all castes and religions. The Sanitorium is run by the Government of U.P. I thought it was a good experiment and worth trying in the H.I.

अॅगस्ट ता. २० शनिवार (233–133) श्रावण कृ. १३ सं. २०१६

Attended the Camp for 45 minutes this morning and went to the Temple of Krishna at 9.50 A.M.
Left Mathura at 10.55 A.M. by the Frontier mail.
The Retiring rooms of the Railway at Mathura were kept very unclean. The beds were worth seeing. On the cots the mattresses used were barely one and a half feet longer. Consequently they had to be folded thrice making unfortunate pillows on both sides. The mattresses were soiled. The pillows were equally dirty. The chaddars used were torn; so were the pillow cases. The towels that were given for use were more rags than anything. The canteen boys that came to serve were literally in dirty - soiled clothes. No one would allow them to even stand near one's self. The food served was not good. The Catering Inspector was summoned. He was questioned. The servers - 9 of them - were sent for. They came, they were questioned. The Station master, the asst. station masters were summoned. They were asked. All had one or the other thing to say. I got the Complaint book. They said if I wrote anything in the book the result would be some would be sent back as none and some would be punished. So, I did not write anything. I warned them & left them.

Mr. P.C. Chakravarty, the permanent Secretary of A.I.C.C. was having a chat with me about A.I.C.C. affairs.

Early morning today Narmada and I went to Gurgaon with Shri Rajadhyaksha to see the H.T.T. College hostel. I found the hostel locality very dirty and not a good one. The hostel building also was so so. Not kept properly. It must be cleaner still. The boys and girls lived, it seems, an unclean life. The hotel where they take their food is also not a clean place. I have told the Hostel superintendent about it. I have to speak about it to the higher authorities who control the destinies of these institutions. At 12.15 We went to the All-India Radio to get my October 6 (1960) speech recorded. It was to be in Kannada. As it was to be in the form of an interview it took 9 T.T.S. sometime to finish it. At about 11.50 A.M. We went to H.M.V.'s concern. There I had a chat with the General manager of the concern for about half an hour. Later on I heard some songs. Purchased 11 Marathi Records on this day

Mr. Rajadhyakshya came and spent half an hour with me. He seemed to be anxious to get more help for his concern in Bombay. It is department comes under the Heavy Industries. I must speak to the ministers concerned about the handicrafts college in Bombay and get them more assistance.

Mr. Nimbkar also came. He reiterated every thing that he had said in Chhatraprabha. The best thing, I think, is to sit silent and not to argue with him. His blood pressure must be harassing him terribly. Hence, we should be calm and quiet with him. That is the best solution.

Had been to Bam's Book Depot and got a number of books in Marathi. "Life of Hedgewar" was brought by me and books on Hindu holidays were sent to Vimal at Chhatraprabha

Vimal had been asked to give me the extract of Conference and the report I want and no other. I have said in Marathi and Hindi that I want only the language. I have said what should be the words as what not and also how to write Hindi and Marathi words. Also about the Hindi Journal

Reached at 9.25 A.M. Padmaben Patel, Balubhai Gandhi, Khursale and Narmada came to receive. At home Maharashtra and his daughter Vimal came After a long time met Vimal. Then came Shri V. H. Honavar who gave me information about the Handi-Crafts Training College. Umabai also had come. Went to Handicrafts Teacher's Training College at about 5 P.M. Some members of this Society had gathered. They wanted to know whether I could help them in any way. They were all interested in Rajadhyaksha + wanted to help him. But it seems that they were experiencing some internal difficulties amongst themselves. Some members who were present told me that it was the chairman — Sulochana Modi, who was a stumbling block. — I have not seen this woman. So, I can not talk much about her.

Had been to Chembur to Shri K. Harendra's home as also that of Vora, another Volunteer. Saw the entertainments staged by our Volunteers. Good demonstrations. Fairly large number was present. This is the first time I visited Chembur.

Had been to Mahashabdes. Then to Shree N.R. Phatak for consulting him on Volunteer movement history which I am contemplating. Also, to get some books for K.H.I. He has promised books for the library. He has promised help for the writing of the volunteer movement. Then to the Congress House for a meeting of the Cooperative Bhandar. With Hoomandar, Indu Nerlekar and Narmada. Went in a taxi to Bandra where A.I.H. Craft Association doll making work was going on. Good work indeed! I liked it. Narmada and Indu liked it. At about 1.10 P.M. Reached home and met R.G. Rajadhyakshya. He came with all papers. Though he did not bring every thing I wanted, he was able to give me some idea about the Handicraft work. After that I went with Bhasker to the Gramophone Company and heard पुनरपि जननं सुंदरा in Kannada sung by Mrs. Page. It was all right. But anyway I had to wait until I hear the song with accompaniments. Bhaskar agreed.
Went to Lalbhadur's house and requested him to give me more money for the social work which we were now doing. I have asked him to give me not more than one thousand this year. He has agreed to give one thousand soon.

Early morning today we left for Kangoti in the Van of Mahan Vidyapeetha. Dr. Vaidya, his children Padmavathibai Nagpur, Dwaraka Bai, Shanta Samant and Vimal, all of us went together and returned to Ghalapradha at 7.45 P.M. While returning it rained on the way.

At Kangoti itself we were given all help and information by Sri K.P. Naik himself. He too moved with us for a while. This Vidyapeetha is only 8 years old. It has made very good progress and it is still advancing. As Mr. Naik is connected with the Government of India, Education department it has been easy for Vidyapeeth to secure financial aid

and in that darkness, the pilot had approached the area where the lions were at their game. As we were approaching the area the lights were extinguished and the pilot stopped. Only with the help of hand torches the area was lighted and the exact [illegible] location was found where the lions were standing was found. Then the driver of our jeep flashed the search light and there, before us about 100 feet away from us stood three lions playing at their head - a he buffalo which possibly was tied to a tree. When the flash fell on their faces the lions turned towards us, stood gazing at us for about a minute or a minute and a half and then slowly turning to their left leaving the game behind. As soon as they turned our flash also was off for about 5 minutes. We turned flash again but the lions had not returned. Again the flash was off. By that time other Cars had come and people had alighted from them. There was the crowd. Again after 10 minutes of wait the flash was turned on and then lo! Two lions had returned to the game and were eating it. As soon as the light was seen by them they turned to their left again and sat in the grass. We tried to make some noise but the animal didn't care to look at you. Once or twice within a period of about 15 minutes one of them lifts his head and again lies down in the grass. It seemed useless to us at that time that no more attempts be made and the lions be left alone. All that was seen by us was enough. So, we left the lions by about 7.45 P.M and travelling through the rugged jungle road we made way to Junagadh at about 10.15 P.M.

Then we took rest for the night.

Had some of the Corners in the Chikgutti Hospital and said wrong to myself and to the Health Officer who was supposed to be in charge of Hospital "Very bad, most indecent". The doctor wanted me to go to his office and let them discuss every thing I refused to do so. I told him that I was there to see everything personally with my own eyes and to discuss the subject with any one. I went on with my work without minding his regret. I saw the Indoor practically Vacant. The maternity was fairly full. But on the whole the hospital looked deserted by patients. I was told that even diet was not allowed by the Medical officer. Major Operations were stopped. The lady doctor was not available. Even a Doctor who is necessary to run the hospital is not appointed. The natural result is — neglect on the part of patients. Now will go to the hospital because they don't get anything if they go there. No Doctor, no treatment, no medicine, no diet why should a patient go there? That is a question before the Municipality of Hubli. —— The policy followed by Mr. Shaik, the administrator, in so far as the Chikgutti Hospital is concerned, is wrong and harmful both to the City and to him self. I must talk to him about this affair.

Vamanrao Apte came home this evening. He spoke about the women's Hospital and the developments there

We went to the Goods side first and through a gate opening near a Railway latrine we entered the Ganeshpeth Chat Gutti chawl area and saw Dirty and Lathing which were shocking. Then We went to the Beef market and saw that that also was dirty in every possible manner. All sides of the Market – even the entrance, was filthy. Administrator was shown all that. Another slum in the neighbourhood also was seen and inspected.

We went then to the Cooperative Hospital. Took part in the Ayudha Pooja. Took tea and went

Had been to the Women's Hospital at night at the time of the prayer. After the prayer I spoke with the Nurses about their attitude towards life. Advised them to be disciplined in their actions, to be loyal to the institute. I wanted them to be obedient and to be regular, to be attentive, to be disciplined in their own difficulties. Some spoke. Even Shamalabai spoke. She asked Sudhakarkaka, a student, to say whatever she wanted to say. She said forward. She said she wants to speak about the Nurses. She said Dr. Balambika. She need. As she was reading out the 13 Points written by Dr. Balambika, a student, started crying not. Though asked not to the matron was in Tirupati and I had to warn how behaved was too. I spoke about – she did not listen. She did not obey. How attitude to patients under supervision in her absence. How attitude to trained nurses. Even after the meeting she behaved in the same manner.

On July 10, 1960 the first meeting of Village leaders was held. At the suggestion of Dr. Lotta Hitchmanova were held as an experiment. The idea is to find out as to what any progress is being made by those of the Villagers who are in close contact with the K.H.I. workers. A number of such meetings should be held and the mentality of these Villagers and their leaders be studied and understood With this idea these meetings are being held. This is the 2nd meeting today. The following Villages have been represented

1. Murgaphi – 6
2. Sundholi – 4
3. Hanchinal – 5
Total 15

4. Vadarhatti 2
Total 17

Besides these 15 leaders two others came as observers – These were from Murgaphi

These Village leaders took part in the previous days discussions on Cleanliness and the Cleanliness week appointed by the Central Govt. Vadarhatti representatives came in the afternoon and joined the others in their discussions.

The second Ambulance given by Dr. Lotta Hitchmanova the Executive Director of the Unitarian Service Committee of Canada was put into action today by Shri Mama Waserkar, member Parliament.

Konjalgi is 12 miles from Yadwad. Konjalgi is famous for its mats which are produced of one lac Rupees worth every year. These mats are sent to Belgaum and Kolhapur for packing etc and they are then despatched out of the province. Dr. Baldwin of the Trudeau Institute spoke for an hour on the five year plans. A good meeting.

The meeting at Hunkunti was very crowded. The population of this village is only 1400 while there were not less than 400 to 500 people who had come to see the function and hear the message. They had observed the cleanliness week. Their surroundings were kept clean. The people who attended the meeting were very calm & quiet and were very attentive. I think these people

Tried to impress upon the minds of those who were present the fact that the rallying being held to create an atmosphere (as per Padmaben) which was absolutely necessary to win the forth coming elections. The elections would not be won unless the workers are well trained and disciplined for carrying on the work. For the country ~~[illegible]~~ it is necessary that the Congress win and ~~[illegible]~~ to win in the elections it is necessary that the Seva Dal is ~~[illegible]~~ strong and works hard methodically. One thing is dependent upon the other. I wanted them to be strong minded. It was the strength of the mind that was necessary. It was a strong desire to win the battle for the Congress that was necessary. I said to them that I would certainly come at the time of the rally on the 4th of December. I announced there that even in May 1961 an all India rally of active Volunteers in Various provinces would be held in Bombay. The rally in December is bound to help the rally in May 1961. Ultimately we shall have to prove that strong will is absolutely necessary for all successes in the world.

I told those who had assembled this afternoon in the Congress House that they should all think of the future of the Seva Dal movement whether Seva Dal achieved anything in its life? If not, why should it exist? Why should it not be extinct? That was a question before me and I wanted every one to think about—

Had been to Rangutai's house to see her and her son Madhav who was ailing. Told her to continue Dr. G.V. Joshi's medicine and get examined at the hands of Dr Sathe when he visits Ghataprabha next time. Her son to be treated by a qualified doctor = Mr Kalburgi who was the Chief officer of Hubli Municipality came with his brother. He pleaded his Cause. He was told to put everything he has against Mr. Shaik in writing and give it to me. He told him that I was prejudiced against him and I knew everything he had done. So also, I knew what Shaik was doing. Unless I Know every thing that has happened recently, I could not do anything. Therefore they should give copies of the correspondence that has transpired between them. Then I will move.

Went to Shri S. R. Narang's residence where Dr. Rao, Jayaben and me. Aminbhabi had come. Inamdar of course was there. On the train to Mehmedabad had an opportunity to talk with Shri Manubhai Shah, Minister for Commerce and Industry about various things. He told me many things about the interview Dyer had with Shastri and the attitude of both with each other. I asked him as to whether I should, even at this stage, do something for Dyer. He wanted me not to interfere. He said that Dyer became a nervous wreck and did not show his courage. "In order to get an interview for Dyer I had to say that I would resign if he was not given interview and given a chance to express himself." It was an impression talk I had with him. There was no one in the Compartment with us. We talked for more than 35 minutes and understood each other. He gave me permission to speak to Dyer about the talk. He asked me not to write but to speak personally with Dyer.

At Mehmedabad, as usual, we were received by the Mayor of Municipality, the Congress workers and Gandhi Darshak of the Academy. We were taken in procession to the Academy. There was Flag salutation. In the afternoon I sat with the Committee for about two hours and got myself acquainted with them. Each one told me about himself and I tried to solve their problems to some extent.

After the meeting we had a group photograph.

At night at 10 we visited Amul Milk Co. of Anand. Until 12 mid night we never seen the beautiful factory and then returned to Pratapbhai's residence.

Reception in the Municipality in Mehmedabad had the President Kantilal Ghatia spoke. Navin Bhai spoke. I also addressed them for about 20 minutes. Tea was served later we left for Anand with Pratapbhai who had brought his car to take us to Anand for seeing the dairy.

Reached Surendranagar at 10 A.M. and were taken to the Congress President's residence. At about 2.30 P.M. We went to Vikas Vidyalaya. The Vidyalaya was closed on account of the Diwali holidays. I saw some of the buildings but had a talk with the Principal of the Vidyalaya. From there we went to Congress Committee where Congress workers spoke there for a few minutes. For sometime some discussion took place. After that we went to Kalawadi Mandal which was started by Phoolchand Kasturchand Shah in 1922. This mandal couldn't continue for long because the Harijans were not allowed to join the high School. Until 1956 no work was possible. Again it was started in 1956. It is now in full swing. We had our dinner there. At night a large public meeting was addressed by Ramanbhai, Shankar and myself. At about 11.15 we went to the Surendra nagar station and stayed there until the train arrived after midnight.

This was written on the small tower which stands on the wall on the Sindhu side forming the bound ary of the Somnath Temple Trust. The new built Temple is not far from this tower. It is only about one hundred feet or a little more. That is all.

At Veraval mountain station and we were taken to Smt. Pushpa ben Mehta's house. We took our tea, bath etc there and started for sight seeing. We went to :-

1. the museum of old relics of the Somnath Temple
2. Triveni Sangam where Pitru shraddha is performed.

There were also :-

3 Sharada Ashram
4 Ahilya bai Somnath Temple – Somnath was hidden in Cellar
5 The new Temple built a new, Sardar Vallabhbhai laid the foundation and Dr. Rajendra Prasad opened it in may 1951.

Here we were told that Dr. Keskar had come and had some function in the evening. So, After we had our lunch at the Dharmashala near the Somnath Temple we got in touch with Dr Keskar and went to the Government Guest House to see him. I had thought of cancelling our trip to Dwarka as I was told that it was taking 2 days to reach that city. I did not want to spend that much time in train. So I had told Jhaveri about it. But had not taken any decision about it. When Dr. Keskar asked me to halt and see the Folk dances that night and go with them to see the lions in the forest I decided not to cancel Dwarka and stay there provided we were taken along with them to Gir, Junagadh and to Jamnagar. He agreed and we moved our luggage to the Guest House of the Government from Pushpa ben's house.

Early morning this day we went with Dr. Kaskar to the site by Wala where Dr. Kaskar was to lay the foundation stone. Jamsaheb, the Home minister, Ranikdas Parekh, Shri Ratanlal Lahoti, minister, of P.W.D. were there Parekh's wife was with them. After that function we went to a Club for tea and then started for the Gir forest to see Lions. Ranikdas Parikh, Dr. Kaskar and myself were in Ranikdas's Jeep. He was telling me everything about the forest and about the lions. We first went to Sasan bungalow where we were served tea. After half an hour's halt we left Sasan and went in the jungle. The roads were muddy, full of holes and shrubs. On Amreli Road our Jeep was forging ahead searching to hear a message from forest officers about exact location of lions. At last, after we had travelled about 11 or 12 miles we were informed that at a particular site the lion was sitting. We were escorted from by the Conservator. When we went to the spot we saw the lion in an area where five cages were kept - one small and one large and which was cleared of bushes. We had a fleet of cars and jeeps and about 50 people in the party. It was demanded of all of us that no noise was made by anyone lest the lion who was quietly sitting and seeing around did not get unnecessarily excited and from the open space where the cages were kept was cleared by smoke with fire and at the king of the forest sitting undisturbed looking at all of us. Two lambs were brought by the forest officers as the food of the lion. Both of those lambs were taken in front of the lion, only 50 to 60 feet away from it. For a few minutes the lambs were tied down in the cage - one in the big one which was just in front of it and one in the small cage which was at an angle to its face. We too were not far from the lion. We were near the corner - 50 to 60 feet away. The lion saw our crowd which was slowly moving from one entrance of the closed open space to the other looking at the lion and wanting it to get out and catch its game. But it did not stir at all. He cared a little for the humans who were standing near him and watching his movements. For more than 45 minutes We anxiously awaited this hunt as the food lamb were disappointed He moved his head here and there, took a glance at those standing around him and then all of a sudden after about 50 minutes, he took a jump in the opposite direction and disappeared, not to be seen again by us. Just then came a word from one of the forest messengers that a few lions were at a feed and that we should hurry lest they go elsewhere. So, all of us hurried in our waiting cars and jeeps. We had a pilot car in which the Conservator of this division was sitting. We followed his fast as we could, even in that

He reminded me of the Shibir Camp in 1947 August when he was a Dal trainer and where on account of an accident, was operated upon in K.E.M. Hospital. Naveenbhai is the son of Balubhai Maganlal Shah of Kharaghoda fame. Balubhai is a friend of Nimbkar. I have asked Naveenbhai to write the story of his joining the Seva Dal and working in it. He has promised to do so soon.

This morning I had meeting with collectors residence for my breakfast where I took tea and some little fruit. Then I went to the Solarium. Mr. Bakshi, the officer in charge explained to me everything. Then we met Mr. K.P. Shah at the Ayurvedic College. I saw the whole auditorium of the College and wondered why so much money was spent on the auditorium itself. It had no right to do like Ayurved. It may not be a waste but certainly for the work they were doing there was no earthly relation between an auditorium and the science. They could have spent that amount on educating their youths in Ayurved. Then we went to the Ayurvedic research institute. I was simply running from one department to the other seeing. I had no time to spend. Then went to the collector's bungalow took a little lunch and left for Jamsaheb's palace. Met him. Had a talk with him for 15 minutes and started for the aerodrome. Plane started for Bombay via Rajkot at exactly 12.10 noon.

As usual Dr. Vaidya, Dr. Balaskha, Vimal & Shanta had come to the Station.

Today I heard about the quarrel between the Labourers of Bombay K.H.I. and those who had left K.H.I and were working by themselves independently. It was Mashi who told me first. So I asked him to get Mashi Baban to me. He came. He also told me the whole story as he knew. I asked Dr. Balaskha what he knew anything about it. He said "no" "not until the minute when I was speaking to him"! I was surprised and I told him so. Vimal was there. She corroborated what Mashi and had told about one of the wounded being taken to Dr. Vaidya room for treatment. He was treating - Bhatt sa, evidently did not leave his room and go out to the scene of the quarrel. Possibly he did not take it seriously. He had asked Vimal to tell the Labourers not to quarrel there but they should go out of the Compound if they wanted to continue the same. What Can Vimal do in such cases. Then Ellurkar was sent for & he was asked to go to the Police and through them to warn both the parties to stop. This attitude on the part of our Men I did not like. That was too weak. At such a thing to do. At such time a bold and a quick action is necessary. I told Dr. Balaskha so. I asked Mashi to get the other wounded & produce them before the Dr.s Baban Mashi did. 9 or 10 of Mashi's workers had received wounds. I asked Dr. Balaskha and Vaman to prepare their case papers — which may be useful in any emergency. I sent for Deshmukh, the Engineer, and spoke to him. I said "Write to Gokhale and let him withdraw the entire gang and send another instead. If not, then their leader Rangaswamy be removed at once and another be sent. Otherwise, it would be difficult to get the fire extinguished. The hatred will grow and it will end in something untoward happenings." I told him that I would write to Nimbkar and send a copy of the same to Gokhale. I did write and I did send the copy hoping to get a reply from both.

Also wrote a card to her and requested her to write to me immediately.

Late in the evening Gangutai told me that she was getting giddiness and her head was reeling. She did not send a word about it to me the whole of the day yesterday, nor today. I was sorry. She also told me that her Blood Pressure had gone high. It made me think. She was working hard and worrying. She has to be removed immediately to Ghatprabha and made to lie down without any work. She must live and live long. I can not afford to lose her. How can I afford to lose Rama also. After all we have all lived together for more than 55 years. The strong affinity was there

Early morning Today Dr. Naterh came to take me to the Town Hall where the Children's programme was being staged. The Town Hall was gaily decorated. Boys & girls and their parents had just been begun to come there were about children from Bangalore, Mysore and Hubli. They were all there with their teachers and the instruments (musical) which they needed for the occasion.

Had been today to:

(1) Inspection of Partha with Dr. Partha narayan Pandit and Shri B.N. Gupta. The work that Partha has done during the last two years here is indeed good. He is making progress. All told he has been able to build buildings so far. The total area of land he now possesses there is . Rao Bahadur also was with us.

(2) The beggar's Colony of ಭಿಕ್ಷುಕರ ವಸಾಹತು was visited by us in the morning at 10. We were there for about two hours and saw everything. Shri Basavanagappa the Dy. minister for Home is the chairman of this Centre. So, he showed Partha's house and took us to the ಕೇಂದ್ರ. Very well developed organisation, indeed.

(3) Deccan Sight for the blind children is another organisation where I was taken by Dr. Nath in the afternoon. At 2.30 P.M. we went to White field — about 12 miles from Bangalore. Habbar was with us. We returned at about 4.30 P.M. and went straight to the All-India Radio to hear ಪುಣ್ಯಪುರುಷ ಪುರಂದರ tapes in Kannada. Ramnath and Lakshmi Shankar had played in one in Bombay, Kalingrao and Mohan Kumari in one, and Kalingrao and Kalita Ubhayker in another. All these three Tapes were used and played upon.

(4) From there I went to the Bharat Sevadal Office where a meeting of Dr. Modi, T.S., A.N. Krishnarao, Wilkie, and one more artist was being held. They were discussing about a drama to be played sometime in the latter part of January '61. The idea was to get a lakh of Rupees for the Sevadal hostel. They wanted me to take part in the drama to be staged then. They asked me. I promised them that I too would play with them on the stage.

(5) Then I went to Mrs. Sudhakar Reddy's house. She welcomed me and said that our application for a grant in aid for (5000/- was kept pending. She wanted a certified copy of the ownership of the land on which building was to be constructed and also a rough estimate of expenditure before the 23rd. I have promised those things to her.

Left Bangalore for Hubli by the Mysore Passenger at 7 P.M.

नोव्हेंबर ता. १६ बुधवार (321–45) कार्तिक कृ. १२ सं. २०१७

Early morning today I had a talk with Pandurangrao, Rambhat and another gentleman from the Bharat Seva Dal. They told me a number of things which I did not know. How man becomes corrupt when he begins to get easy money. The Bharat Seva Dal was getting Government grant. Hence this trouble. Even the physical culture institute had to be closed on account of easy money and lack of supervision on the part of the Officers of the Dal. They have failed in their duty.

I went to have a talk with Nittoor Srinivasa Rao at his house. He spoke to me about the Children's literature in Kannada & asked his son to show me everything he had. Accordingly I went to his shop and purchased some books and got them as gift to the Balavadi of K.H.I.

Went to Mr. K.V. Pai's (Director, P.W.T. Mysore) office and had a talk with him about the payment of dues to K.H.I. He said only 2 months dues were there and they would be paid immediately. He wanted me to go to his house for a cup of tea; but I refused and said when I return again I would have it.

As promised I went to T. Subramanyaji house for lunch. At that time his P.S. told me that the A.G.'s sanction for 29 000/- will go only when he would receive a certificate from the engineer about the work done. The 38,000 amount would be sent soon as he had received intimation from Delhi. In the afternoon, P.V. Gupta took me and T.S. to his weekly – Y.M.C.A. Flat – Office and showed us everything. He also took us to the Industrial Museum built in the name of Sir M. Vishveshwaraya.

Ramkrishna Hegde, Secretary M.P.C. had come when I spoke to him about my decision regarding Democratic Party in 1961. I told Valve the same thing in train.

Dr. Nateh, T.S., Partha, Hegde Rao

Reached Home at about 10.45 A.M. as the train in which I travelled was late by about 90 minutes. Though I was feeling chilly and weak I did take bath and immediately slept. Had 100.5° fever today. I felt chills. The whole day and the whole of the night I was lying down. I slept most of the time. Shamalabai had come; she spoke to me about the hospital affairs, also, about Y and his coming to Hubli and going back.

In the train I was with Shree Vatve of Jamkhandi. He was returning from Bangalore. I heard his story of the Sena Bank organisation of the State of Mysore. It was a sorry tale. I have asked him to write out a story of his connection with the Senabank and also with the Sena. He has promised to let me have it before the end of the ensuing Congress session in Bhavnagar. I will have to remind him about it.

As I had promised from Udipi a visit this evening to this organisation – Hotel Owners association – I had to go at 5 P.M. and spend more than 40 minutes there. I spoke to them for 15 minutes and heard them for about 15 minutes. After about 8 or 10 years I visited that organisation. I was indeed glad to do so as I was the founder of that Association. There I met Ramu and Bhanu of Mukundrao's (Executive Engineer Electric) house for a Cup of tea. To them also I had promised. So did 90 men with all and spent some time.

This morning at 10.30, when I was taking my gruel I received a trunk Call from Ghatkoparkopar. I was sitting in my own room and eating. Iyer also was there talking with me. When the Telephone rang Iyer lifted the receiver and enquired the Operator wanted me saying it was a trunk from Ghatkoparkopar. We were all surprised at the Trunk Call. We did not know what was in store for me. But the person at the other end said "Sir, this is an international call as the Telephone exchange was filled in the Campus a trail call was given. I think it was Laxmi Narayan — the telephone officer for the division was speaking. After him came Dr. Vaidya, then Ganpatrai. I made enquiry about Mrs. Vimal spoke and I came also. I was told by Laxman that Shanta was in the Operation Theatre and Dr. said that Balankhe had just then gone. Dr. Vinay also spoke with me. Within 6 minutes as the Operator said I had talked with 7 persons including Kiran, Dr. Vaidya's son. Kiran did not understand me. But I heard him very clearly. All the voices were very very clear; the voices were clearly as much of those who were standing near me and talking. I was very very glad to hear my dear and near ones. They too must have felt in the same way.

I did wish to Dr Vaidya, Ganpatrai & Vimal also & all.

The building is a fine one, located in the heart of the city. When the other half of the building will be completed it will not only look beautiful but would fulfil the want of the School administration. The difference between the Administrator and the school Board Chairman should vanish if all wants of the public in the city in respect the education of our little ones are to be fulfilled. I had to refer to this in my speech. Parents of the School children and their relatives had come in large numbers. Women were more than men. Mrs. Shaik had come to take me. Jayantai and Rama went with us. The children and others from Kalol. Mrs. Shaik who was to preside also was with her husband. The school Board had arranged an exhibition. In Rangoli they had my photograph also. A number of thoughtful items and a good cultural programme was arranged. All that used to be gone through. Hundreds of children were there. It was difficult to control them. Big crowd and big noise. It was very difficult to talk. I did. But I doubt very few could hear it. Anyway I had to thank them all for having made me open the School building.

After the meeting we went to the I.W.A.S. building, and then hired walk, met Doctor Shirad, and proceeded to see the Civil Hospital. We saw the improvements made by the new Doctor. Again when I go to Delhi, I will have to see as to how the progress is made.

At night by the Express I left for Ahmedabad.

"Iyer Telephone 34170 New Delhi – Vegetables not available today dispatching tomorrow Hardikar"
This wire was sent to Iyer, but unfortunately instead of 34170 it had said 340TP. So, we were forced to give another wire to Iyer. Money was wasted.
Phone written to Iyer accordingly.
Both the wires were sent by Phonogram by Kashinath.
Money is to be paid to him.

Jyotsna had come with Hardikar. We had informed them regarding meeting in Matunga with Iyer. Accordingly we had to go to Matunga and meet Iyer at 5 P.M. and stay there until 7.45 P.M. Iyer did speak and gave only some tests. Jyotsna made a few comments which had happened in the morning and said she would follow up the [illegible] on the 11th or 12th from Bombay at the time of the rally.

Mr Rajadhyaksha and his wife came. I told them the steps that had been taken in Sopara re the college and its hostel was concerned. I told Rajadhyaksha that I had written to Patil about the college and its hostel. I told them about the [illegible] a rally from

Narmada came to Station V.T. Dr. Pramila also had come at 6/45 A.M. In train met Dr. Aravindrao G. Santaram, Eye Surgeon, Bombay and Madhavrao Bhagwat Chandumama's brother. On Poona Station Came Kumath and Hardikar. Gave a note for publication of Kumath and proof-slips of Hardikar for the history of the Volunteer movement in India. I have given him One hundred rupees before. I hope he will bring out the history in mother language which will later be translated in various Indian Languages and placed before the public in the country. I have hopes in the abilities of Vishwanath and I think if proper facilities are given to him he will be able to produce a good book with full facts and figures. I should give him enough time and money to get all everything that is necessary to produce that book. No hurry should be made and insisted upon. It must be such as to get a prize in 1961 from the Govt of India. Let us see.

I reached Shalaprabha at about 10.35 P.M. Gangulai had come to the Station with Vimal and Shanta. When I reached the Bungalow Padmakar told me that Kaka Kalelkar had come and he would like to meet me. I asked him to bring him. He came. We had a long long chat about various things. He has promised to come again.

Yesterday on the Poona Station Sane Anandiram Kumath (manager who used for Seva Dal workers. It contained the following points. This is what is expected from our workers

1. Cleanliness
2. Neatness
3. Honesty
4. Obedience
5. Punctuality
6. Regularity
7. Loyalty
8. Amenity
9. Tolerance
10. Self-discipline

I said that those who do not possess these qualities have no place in the Sevadal organisation and therefore they should forthwith resign and go out. I hope this circular will be issued by the organisation with their suggestions and modifications. Especially for our Bal Balikas and Kumar Kumarikas literature on these subjects should have to be created and given to them. Otherwise, what are we going to teach them in our Shakhas?

This morning Lingutai and I left Ghataprabha for Hubli. At Belgaum we took the S.K. Van and went home. At Belgaum they we spent more than an hour at Bhimrao's house, also at Basavanti. We reached Hubli at about 2 P.M. By this time N.M. Deshpande + Venkappa had come. I had asked Deshpande to fetch Mr. Gopalacharya. He came. I asked him to take charge of our Canteen manager + the Cook and teach them both various methods of cooking and administration. I asked him to introduce them to Mrs. Hotel owners

Village Leaders 3rd meeting

Reached by Express early morning at 3.45 (A.M.) Wednesday

दिसंबर ता. ७ बुधवार (342–24) मार्गशीर्ष कृ. ४ सं. २०१७

Third meeting of the Village Leaders Conference. began meeting at about 11.30 A.M. ended at 1.30 P.M

The first was on July 10, 1960
The second one was on October 2, 1960
The third one is this one.

Today the following Villages were represented

1. Mahagaonpi	2
2. Vadarhatti	2
3. Hosakuppi	4
4. Sundholli	4
	12

Afternoon 3 P.M. meeting at Ended at 4.20 P.M

Question: Twice before we have met here and spent our time. This is the 3rd time. During these five months what is it that we have achieved? Have we learnt anything by coming here? Every one who comes here should answer these questions. Why do we come? What do we do? Do we only eat, see, wander and go? Or, do we really learn each time and go? Are we wasting our time? Or, are we making use of it for our own good?

I have asked the four Village groups to show some concrete work done by Dr. Hosakuppi Hirekmanora when she comes here after two months. The work was picked up by each of the Villages. They said they would try.

1 Mahagaonpi – Women organization
2 Vadarhatti –
3 Hosakuppi – Well digging
4 Sundholli – School children

At 5 P.M. the Parents of the Primary School children met in the Rajendra Mantap and decided to change the time of School from 7.30 A.M. to 11 A.M. They went to Vadarhatta and Sulabhatar were there. Both took part. The time I gave to them before was not suitable. They thought about it and changed the time. That was good. Both have agreed to take classes; at least one hour daily they promised to give. The drill teachers Joshi two will take more interest in the school.

Indian Wire to Pathan, Maharashtra Pradesh Congress Committee Bombay 12 "Your Wire meet me tomorrow at Poona Rly Mandikar"

This was in response to his.

Dr. K.M. Kulkarni was particular about being definite regarding Social Welfare work to be done in Villages. He was pressing me to give him definite work. He was right. "Before you leave for Delhi tonight You decide as to whether the K.H.I. is to take the project work or it should be through the Mahila mandals. One way or the other, You should decide and go" He himself was confused though anxious to work and work willingly I liked the way in which he approached the subject. Vatsala, he and I, we sat for more than 2 hours this morning and came to certain conclusions. I had told him to come to a conclusion and give me the solution. My intention was that they should shoulder the responsibility themselves and we should help them. Later in the afternoon they drafted their plan and showed it to me. I have asked them to send a typed copy to me.

At about 4.30 P.M. Vatsala, Sulochanai, Drill teacher Joshi, Dr. Kulkarni and Vimal sat together to draft the time table of the School. They did it. They wanted something like a partition in the Rajendra Mantap so that boys of one class didn't see the boys of other class. I told Vimal to get it done. Vatsala took excellent part in the drafting of the time table. I liked it in general well. She realises her responsibilities.

दिसंबर ता. १० शनिवार (345-21) मार्गशीर्ष कृ. ७ सं. २०१७

Was received by Mr. Pathan, the G.O.C. of Maharashtra and the District Officials of Poona. Mr. Anandinem Kumath also had come. It is he who had made all arrangements. Went to Vishrampant Handikar's residence. I stayed in that house for one full day. I had a talk with Babasaheb Ghorpade, a very bold spoken gentleman who is known to me for more than two decades. After that we went to Kirloskar Press to see Shri Mukundrao Kirloskar. He showed us the Press and gave a cup of tea. I used to meet his wife Shantabai. He gave us the address of Ruby (Mukta) Bungalow. As we did not go at the time when Ruby we were supposed to, we could not meet Shantabai for a long time. We did go to Mukta at night. We took the maid servant with us to Shantabai's house. She knew. So, she escorted us. We met Mukundrao and Shantabai, both.

After that we went to Mama Deoginkar's house and with him to see the Gandhi Smarak Nidhi site and the buildings now under construction. We met Wadekar family there.

Mukundrao Kirloskar's son Ashwant Kulkarni, Art Director, Prabhat-Studios took us to the Studios and took us round. As it was Sunday, a holiday we could not see much. But however I got an idea about the deal that was effected by the Government of India's I. & B. Ministry. Mama Deoginkar, Vishnupant Handikar were with me. Then went to the All India Radio to see Mr. Bose. Could meet none. Then proceeded to Ramasaheb Parulekar's Sakal office. Was there for about 35 m. And then to the Congress House at 4.30. From 4.30 to 7.30 We spent our time in the First Rally and then the District workers meeting. In the Rally there were many 500 Seva Dal workers. After the Congress House we went in search of Ruby of Kirloskar and Shantabai's house.

At night Pathan and Kumath were advised to work altogether and prove their ability and show concrete results to the Country.

We had gone to Sangam's house for evening tea

[redacted] reached Bombay at 10.35 by the Deccan Queen. G.O.C. Shri [illegible] was received by the G.O.C. and other Volunteers on the platform. Padmaben had done good work. After leaving me at home she went to the Congress House to attend the Rally work of the day. There were about 18000 Volunteers belonging to all Colleges. The Mayor of Bombay and all adults. The Vice President, the P.C.C. President and the Vice President of the Union were present. The girls were also present. Everything was arranged in such a good programme. I thought that those who had no concern with the Seva Dal organisation were also brought for demonstrational purpose. I expressed it in my speech. Sri Tarkunde Pandharinath Patil, Sane Guruji also did not like my remarks. Patil told me that I should not speak while working Committee meeting is going on. Sane Guruji suggested that I should withdraw my remarks and explain. I agreed with Sane Guruji and explained that my remarks were meant for all [illegible] of the Congress organisation. Many persons [illegible] to me that they were pained to hear my remarks.

Bombay Rally at 5 P.M. this day. This was the 2nd rally in the country after I had decided to wipe out the old slate and begin a new. The suggestions that come to my mind at this time are:-

1. All songs must be committed to memory before they are sung in the rally. The voice must reach the audience.
2. Boys and girls - Small ones should be made to stand in front. Taller men and women should go behind.
3. The P.T. & exercises should be systematic. Mass practice is necessary.
4. Nothing that is not claimed by Seva Dal as its own should be demonstrated in Seva Dal rally.
5. Cultural programmes should not be mixed up with Rallies. Separate time should be given & they should be given during days or at nights.
6. Definite time should be given for the rally. It should not take more than two hours at the most.

Talk Homen Homen and Kaka Kalelkar about work in Sindh

Patkar, Padmaben Khurasia

all of us sat together and talked about work in Bombay. We tried to find out the difference between the workers and workers of the Seva Dal. Differences were small between Khurasia and Padmaben Patil. Khurasia was bitter against Padmaben — the G.O.C. He thought that she was insulting him while she demanded discipline from him and from others. Patkar also took part. I have urged them all to forget everything and not to think of others' faults any more. For more than 3 hours we sat on this discussion.

Bhanukumar also had his difference with Khurasia and Padmaben Patil. I have requested him to forget everything and work. Because there is not enough work for everyone. You talk about these differences; Moreover You won't even think about them. भगवान जाने क्या रहस्य है तेरे आगे होते.

At 3.30 P.M. Rajadhyaksha came and took me and Narmada to the house of Mrs. Sulochana Modi who is the Chairman of the I.N.T.T. College Society in Bombay. Mr. Honnavar also came. We were with her for about 45 minutes and talked about the finances of the College.

Ramu Lokare of Kanwar had come yesterday to see me. Even today he spent sometime with us at the Station. On the Station today Mr. Kanetkar, Dr. Tarachandra's brother-in-law came. First time I met him. He had brought some sweetballs like gur ke laddu. Sindhu Palekar is in Delhi; Sindhu is Tarachandra's sister.

Today Dwarkanath also came. He travelled as far as Patri with me. Then got down and went to Khar.

Had a talk with Smt Amrita Patwardhan, Assistant Secretary of the Bharat Scouts and Guides. I wanted to know from her her ideas of the work she was doing and whether or not she was satisfied with all that she was doing. Asked her to let me know as to whether she was getting any return for the talent, energy and money she and her organisation was spending. She was surprised to hear my talk and said that she would consider from this point of view and would have a talk with me again sometime. She told me that her organisation was getting money from the Government and whatever is told to them to do they do wonderful. If the Government withdraws its support what would happen? The Bharat Scouts & Guides is bound to crumble down. Is it not?

Vimala telled me about her talk regarding the Talk she had with Dr Balakrishna and his wife is not very clear. As usual must have said something which has made her angry and sad. I must say Shedoes not have any control over her temper and in spite of these shortcomings I feel Dr. Balakrishna has really made her angry. It is high time she should learn to face all such odds in life and learn to stand on her own feet. At times I feel sorry for her and have been telling me again and again of what a great woman she is or Times Dr Balakrishna has told me to irritate her and has gone to the extent of saying "so long as Dr. is here you will remain so". This may go on till I was shielding her which she does not like. This is one example which she always grabs and says unnecessary rough and talks rudely to him forgetting all that and he straightened work I have been asking her to tolerate all that and be straightened forward in everything. We must be ready to speak out our mind. That is the best policy in this world. Vimal had to learn a number of things more important one is to understand men and women and behave properly with them

Jitendra Desai and I spoke about his college.

Today Shanta Vaidya from Dr. Vaidya's clinic came to see me. She told me about Vimal being upset. Vaidya has given an idea about the attitude she has taken to Shirnao, and she has spoken to Shirnao, and Vataala also about it. From this it seemed something more must have happened than what Vimal herself had written in her letter of the 17th. Her mind must have been disturbed much. Otherwise she would never have spoken about all this to Shirnao, Vataala and the Doctor. Shanta wants until I hear from her in detail. Shall see when soon.

Wire re medical Vimal's health and whereabouts.

Since I have received Dr. Vaidya's letter yesterday I have begun to think of putting a stop to the rude treatment that is being meted out to workers in K.H.I. by the officers. The best way to stop it is to take away the authority of dealing with workers given to them and vest it in Shri Somers or take it on my own hands. All complaints regarding workers be handled by me and not by the officers henceforward. Dr. Balaskhal be told about it. It is therefore I have written a letter to him today. Damn must now watch the reaction of these evil Dr. Thaneprabha.

But please let me know at least ten days before the man arrives here in Delhi. I have written about it to Dr. Vaidya again today and asked him to write to me

Maharashtra came home on this morning

Went to the Prime minister at H. 20. We have talked with him on 1. Reorganisation of Secretariat 2. Visit to U.K. & Agriculture 3. Purpose of politics He was tired and had no time. So not more than 5 minutes I stayed with him. I refused all the three points and explained them. He heard and said we talk at 9 a.m tomorrow

Woken at 5 A.M

Woke up at 5 A.M and could not sleep after that. I was much disturbed on account of my not getting any news of Vimal. I expected Dr. Vaidya to telegraph reply. But that did not come. Then I was afraid from Ahmedabad. But now from Prata I wondered why? What happened? Why is the silence? Has she gone to Kerala?

Left Delhi by air at 12.35 P.M. Trunk Call to Dr. Vaidya for Vimal

DECEMBER 1960

Reached Ahmedabad Airdrom at 11.20 A.M.

Bhavnagar at 9.30 P.M. Saturday 24

दिसेंबर ता. २४ शनिवार (359-7) पौष शु. ७ सं. २०१७

On the Aerodrome had come Prabhu's sister, Narangbhai, Dr. Rao, Mr Rao and a number of Volunteers. Went straight to Prabhu's house after a cup of coffee at Mr. Rao's residence. Booked a Trunk Call to Ghatkopar — To Dr. Vaidya at 12.35. Got Dr. Vaidya at 2.45 P.M. He said he had received my wire which I had sent on the 22nd noon. It was indeed strange — I have asked Gopinath to make an enquiry at the Parliament Post office — I had given them the receipt — That was the reason why Dr. Vaidya had no wired time. Otherwise he would never do so — Asked Dr. Vaidya about Vimal. Where was she? How was she? He said she was O.K. She had come to normal. She had gone to Kanpur on the 22nd. I asked him as to why she had not written time. He was surprised. He did not know the reason. I have requested Dr. Vaidya to write to me to the care of S.R. Narsinghpur so that I may get the letters on the 27th. Requested him to give this address to Shanta and Yamen and Mira also. He said Yes! I have written today to a number of persons and have given them this address for the 27th.

We left Ahmedabad at 5.30 P.M. with Shri Manabhai Patel, former G.O.C. of Jawahar of Gujarath and present General Secretary of the Reception Committee of the Congress. He had come to take me from Ahmedabad. He took his family along with him. Narsinghbhai and Mr. Rao brought their own Car and took me in it to Bhavnagar. We reached Bhavnagar at 9.30 P.M. Surender Lele came. Subbiah was there.

Road to Bhavnagar from Ahmedabad is fine. It is also 123 miles. It took us 4 hours to travel: We halted enroute half an hour and had a cup of tea at Ejyest.

38th anniversary of the Servodaya organisation

DECEMBER 1960

Sunday 25

दिसेंबर ता. २५ रविवार (360-6) पौष शु. ८ सं. २०१७

This day in the morning there was a flag hoisting Ceremony, when told the audience about (1) the significant Day of the Servodaya organisation, (2) Inaugurating the girls Shelter (3) opening of the Rural training Camp by 5 days. I did refer to all these three in my speech at the flag hoisting Ceremony.

Shramshibir – begins this day at 2·30 P.M. today. From Bhavnagar about 3½ miles away on Ghogha road leading to the Ghoga village there was a plot before the Shramshibir group of Servodal began its work. They have to do the road work from Kosala to Malanka via Tarsamia (તરસમિયા) – a distance of about 2 miles in length, and 12 to 16 feet wide. Condition of the Road in monsoon is not passable. The road is very uneven and there are pits on making half way mud and stones. The Sarpanch of Tarsamia was there and the Panchayats of those two villages declared to do best of their ability by giving morning expenses in kind. They (the panchayats) have contributed Rs. 1100 Rupees for present Construction of the Road. The population of the villages is 1700 and 1600 only. The B.D.O. Mr. A.S. Tripathi was good enough to take us all the way to Malanka Village. After seeing the Road we returned and had a chat with the Villagers.

Left Ahmedabad at 8.25 A.M. Today I am supposed to address Kannadigas living in Ahmedabad this evening. Purpose of visiting Ahmedabad today is to see the Kannada residents of Ahmedabad and to see some of the mill-owners to get some cloth for K.H.I. (free of charge or at least at Concessional rates.

Car puncture on the way to Ahmedabad. It took 2 3/4 hours to get it repaired. We had to go back to Limbdi which could do the repairs. To and fro 18 miles distance we had to cover. We reached Ahmedabad at about 3.20 P.M. instead of at 12.30 noon.

Did go to Asoka mills ltd and had a talk with the Secretary - Shri Dayabhai Patel. He was good and courteous. He introduced me to the Owner of the mills who said that he would be glad to help our Institute - K.H.I. Mr. Patel gave me samples and asked me to write to him in detail giving them the many details of the cloth required by us.

At 7 P.M. I did address the Kannada residents. Not many than 100 people had gathered. It was a small gathering I could talk to them face to face. Some promised them that if they invite me I would certainly be present in the [illegible] conference to be held in Dharwar.

When we were reaching to the Station our Car again gave trouble. The same wheel puncture again. I was doubtful of getting the train. But for one or other reason the train was detained and I could make it. After I reached the station the train [illegible] moved and I came out of the station.

Trunk call to Vimal at Ghalapradha

Thursday 29

Visit to Shri Sree Prakash Governor of Maharashtra

दिसेंबर ता. २९ गुरुवार (364–2) पौष शु. १२ सं. २०१७

This morning at 5.43 we booked a Trunk Call for Ghalapradha and we got Vimal on phone (Ghalapradha) at 6.25 A.M. We had a talk with her for 6 minutes. Namaste and myself – talked. I thought Vimal was happy and ~~was~~ she had got over her feeling. I was anxious to know about it. I was glad to note it. Slowly she is learning the courageous and hope she will soon stand upright and face any one. I want her to be bold and courageous. She must have good organisation. She must know the method of handling men and women and take work from them in order to build the nation. There is a change in her vision, in her perspective, in her attitude towards life and I am sure she will make use of this gain to elevate herself. I wish to watch and guide her.

I had been to Shri Sai Prakash, the Governor of Maharashtra at 11.30 A.M. I went to him to have a heart to heart talk with him about the present situation in the Country and to consult him about the future working of the Seva Dal Organisation. We had a talk for half an hour. He wanted me to go and stay with him whenever I came to Bombay. I had to thank him for the invitation. But I said there was no necessity of it. However, I said that whenever I came to Bombay I would come to Raj Bhavan and spend half an hour with him. A very kind hearted and generous man.

At night I came to Nimbkar's place in Khar so that I could get up early and go early without any trouble to the aerodrome as the Plane was leaving at 6.25 A.M.

Had been to "तोरणागड" with Dr Vaidya and Bharatbhai Doshi. First time I sat in a डोली which was carried by human beings and went up about one thousand feet. Returned – Came down – in the same manner. Dr. Vaidya walked the entire height and came down walking. Bharatbhai was carried on डोली for a short distance only. तोरणागड is a hillock which was taken by Shivaji from the Bijapur Kings and handed over to हनुमंत रामदास for residence. श्री रामदास lived there and died there. It is हनुमंत to be seen on the fort. Over the हनुमंत is a temple of Rama. There is a big कमानी for visitors. Deep wells are there for drinking and washing – both separate. Water is pure & good, they say. But the looks of water was not pleasing. Thought of writing to the Maharashtra Government.

At Dr. Athalye's we had

Left Satara Road at about 7.15 A.M. Went to Satara to see Vatsala and tell her that I was going to Walchand nagar. Did settle with her the next programme. I was to wire her and take her to Ghatapraba or Koyna with me.
Bharatbhai joined me at some corner and we went to Phaltan. Spent an hour with Nimbkar's son at his own residence and then left for Walchand nagar. Reached same at about 11.30 A.M. From 3 P.M. to 9 P.M. I was busy seeing the W. Nagar and addressing meetings. Visited the High School and spoke with students. At night visited the Club and addressed members there.
Male places Bharatbhai accompanied me. Saw the exhibition of Walchand nagar and was surprised to see the plants

Dr. Hilschmanova arrives at Bombay on the 5th at 7.30 in the morning by the Swiss Air Flight and leaves Bombay for Delhi on the 12th at 7.30 A.M. At Bombay, she stays at the Taj hotel.

To meet Pandit J. Nehru at Sambra Dr M.K. Vaidya, Narmada and Shanta and myself, we left Shakuntala at exactly 9 A.M and went straight to Sambra. Reached that place at 10.35 A.M. The plane arrived at exactly 11.10 A.M. Dr. M.K.V. was introduced by name. Panditji looked fulled down. His face, now-a-days looked swollen. I do not know why. But he is not his old self.

Shri Rajaram Patil Kirloskarwadi Hubli by arrived this morning at Belgaum. We welcomed him and requested him to perform the opening ceremony of Kirloskar Motors Ltd. and going to Poona at the aerodrome. This is the first time when R.L. Kirloskar comes to Shakuntala.

Early morning I went to the municipal ground and hoisted the flag. I did address the Volunteers who had come to train the Villagers who had come from various neighbouring places to see Pandit J. N. – the Prime Minister of India. It was indeed a very good show. Recruits of yesterday were brought to the city with some kind of uniform and called "Seva Dal Volunteers".

Afternoon at 4 p.m. Vimal and Rani left Miraj for Sangli.

Vimal and Rani, both were present in the meeting where Panditji was to speak. As soon as he arrived at the meeting place, along with others Vimal & Rani also were introduced to Panditji. After the meeting we took tea at the bungalow of the Rajasaheb. Vimal & Rani also were there. After tea, as Panditji was going, Vimal went forward and said to him, as requested by "Ajee" that she must have seen him when she was a child. He could only say "yes" & spoken to him.

Vimal and Rani were introduced to him along with others.

Had been to Suchila Ghate's house with Gangutai, Kumal and Rani. Met her brothers and sister-in-laws. Had tea there. Then we went to Annamma Hingde's daughter's house where Mr. Bhinge was also seen. Swami of Satara also was there. From there we all went to Deccan Deccan Pharmacy. At noon we went to the Rajasaheb's palace for lunch with family. Ranisaheb also was there. Gangutai Radhabai, Kumal, Rani and myself — five of us had gone for lunch. Lunch at the palace of the Rajasaheb. Ranisaheb also was there

When we got down this morning from the train, Sumati told us that Ramu's eye was operated by Dr. Rajadhyaksha and cataract removed that noon. So, as soon as we reached K.H.I. we all went to the hospital and saw him. He was O.K. But he had abdominal pain... Came to know about arrangement of attendance made by Narmada.

Met Kumath and Hardikar at the Poona Station. Bhanukumar had come to the V.T.

Had been to the V.T. Station to pick up the luggage Projector and the Violet Rays and take them to the proper place. Went to Egmont Kalee etc in Home Street, met Dinekar and went along with him to their workshop in Colaba. Then had a talk with Mr. Sengupta, the Sales manager of the firm regarding the sale of the Projector I had brought. He said he can try to repair the one old one as new ones are not available and the machine now brought by me is an obsolete one and is out of date. So, even parts of the same are not manufactured. I have asked him to repair this one and see what best could be done under the present circumstances.
